[BIOTROPIA] #1030 external review result Kotak Masuk x

publication@biotrop.org kepada saya

Kam, 20 Des 2018 15.44

Inggris > Indonesia Terjemahkan pesan Nonaktifkan untuk: Inggris x

Dear Authors,

We are glad to inform you that we have received the external review results of your manuscript from well-known experts. Please check the review form and the reviewed manuscript (if available) and note the comments/suggestions/answers to questions of the reviewers.

As the journal will have to be published soon, we request you to incorporate the reviewers' comments/suggestions/answers to questions in the manuscript as soon as possible, not later than 07 January 2019.

We also attached the table of responses to the reviewers' comments. Please list the corrections and mention the line numbers where the changes were made. If you disagree with comments or suggestions from the reviewers, please fill the column responses by stating the reason as a clarification to the reviewer's comments.

We look forward to hearing from you. Thank you very much for your kind attention and cooperation.

Regards,

Tika Tresnawati
Managing Editor

14 Jan 2019 23:11

Dear Managing Editor (Mrs. Tika Tresnawati),

Thank you for giving me the opportunity and extension of time to complete the improvement of my manuscript.

I have previously asked Mrs. Tika to extend the time until January 14, 2019. I have tried to improve according to the reviewer's recommendations (based on footnotes and response tables). Hopefully, the results of this improvement can be as expected. If an error is still found, I will fix it again. Thank you very much for your kindness

Regards,

Susiyanti
