

Koresponden B44 Aplikasi PLC Senitia 2018

The screenshot displays a Yahoo! Mail interface. The email is from 'paper a.n. Hendra' (h7f1973@yahoo.com) to 'senitia@unilab.ac.id, aniz_ramin@yahoo.com', dated Monday, September 17, 2018, at 4:05 PM. The email contains an attachment named 'Hendra_se... .docx' (599 KB). The document is a technical paper titled 'Aplikasi Programmable Logic Control (PLC) menggunakan Ladder Program untuk Kontrol Komponen Gerak Mesin Pengering Karet'. The author is Hendra*, Ade Suryan J* Zulianora**, Hemsadevita***, Hermyyeni****, Anizar Idrisidini*****. The paper discusses the application of PLC in rubber drying machine control, comparing it to traditional relay-based systems and highlighting the advantages of PLC in terms of flexibility, reliability, and ease of maintenance. It also mentions the use of Ladder Logic for programming the PLC.
