PAPER ID	:	CPB-008	SUBMISSION NO :300
Author	:	Dhena Ria Barleany	
Paper Title	:	Acrylic Acid Neutralization for Enhancing The Production of Grafted Chitosan Superabsorbent Hydrogel	

Dear Author

We are pleased to inform that the review process of your paper *mentioned above* has been completed. Based on SICEST Scientific Committee recommendation, your paper is selected for publication in **International Journal on Advanced Science, Engineering and Information Technology (IJASEIT, Publisher Insight-Society)**.

Please read carefully the publication procedures for IJASEIT as follows:

1. Authors need to revise the papers according the review results (attached)
2. Authors prepare the paper according to the paper template of IJASEIT(attached)
3. Please prepare the papers carefully according to template in order to enhance the publication process. **Please be sure to check for spelling and grammar before submitting your paper.** Please be sure that references is up to date. The number of references should be more than 12 (twelve) references. And it is expected that 30% of references are recent papers from reputable journals (in the last ten years). It is recommended to use references software (endnote, mendeley, etc) to avoid inconsistency.
4. Revised papers are sent back to SICEST Publication Committee at sicest@unsri.ac.id before November 14, 2016
5. SICEST Publication Committee will send the revised papers to IJASEIT Editors
6. IJASEIT Editors review the papers and send acceptance/publication notifications to SICEST Committee
7. SICEST Committee forwards the notification to authors
8. Please note that authors should not make any communication with IJASEIT
9. Authors submit the paper via IJASEIT online submission (schedule will be informed later)
10. Please notice that publication schedule will be decided by IJASEIT Publisher
11. SICEST Publication Committee does not provide hardcopy of IJASEIT Journal. Authors can access the Journal online after published

This publication selection cannot be changed to another publications arranged by SICEST Publication Committee. If the authors do not send the revised paper before November 14, 2016, then the paper will be considered to withdraw from SICEST SCOPUS publications and the registration fee will not be refunded.

Thank you for participating in SICEST2016.

Chief of SICEST Editorial Board

Tuty Emilia Agustina, PhD

Dear Dhena,

We are very much appreciated for your kind cooperation. The new and revised version of your paper has received. Hopefully the article is complied with the prescribed template of each publisher and has accommodated the requests of both reviewers. Furthermore, this version will be sent back to the reviewers. If accepted, the paper will soon be in the process for approval to the editor. If not, we will send the appropriate revision or adjustments requests back to you. It would be very much appreciated if you really pay attention to all instructions and revision requests properly so that the publication can be quickly resolved.

Thank you

The attached file is my revised paper. thank you

IJASEIT FURTHER REVISION REQUEST

From: SICEST 2016 (sicest@unsri.ac.id)
To: dbarleany@yahoo.com
Date: Friday, 6 January 2017 at 05:47 pm GMT+7

Dear, Dhena Ria Barleany

Your article titled **Acrylic Acid Neutralization for Enhancing the Production of Grafted Chitosan Superabsorbent Hydrogel** is now in a process for publishment in International Journal on Advanced Science, Engineering, and Information Technology (IJASEIT) indexed by SCOPUS.

Articles published in IJASEIT must meet the quality standards as measured by paper format, originality and significance of the contribution.

Based on that request, you are required to do a further revision and add more pages in the manuscript. **The total pages required is 6 pages minimum exclude reference.**

Please read the instructions carefully to avoid mistakes. After revision, please return the manuscript immediately before January 11, 2017.

As we know, any delay in returning the manuscript will cause delay in the publishing process. Your cooperation will be very much appreciated.

Thank you.
